The educational vision for the Psychiatry Quarterly Updates on Transgender Mental Health is to disseminate new research findings and clinical practices to best inform the delivery of care persons. This program is developed as a partnership between researchers, clinicians, and psychiatrists. It offers continuing professional development to physicians and other health professionals.

Who Should Attend

Family Physicians, Specialist Physicians, Psychiatric Nurses, Nurse Practitioners, Registered Nurses, Licenses Practical Nurses, Psychologists, Psychiatrists, Residents, Other Health Care Professionals

Session Learning Objectives

After attending this program, participants will be able to:

1. Explain the principles of gender-affirming hormone treatment and surgery
2. Empathize with people with non-gender confirming and non-binary identities
3. Recognize the special role of primary care in treatment of transgender youth and adults
