

# Child Health and Wellness

## OWERKO CENTRE NEURODEVELOPMENTAL CLINICAL RESEARCH ROUNDS

### Cultivating resilience and flourishing in everyday life: All Our Families update and synthesizing research to meet community needs

The All Our Families Study is a longitudinal cohort study about pregnancy, parenting, and child development that has recruited over 3,200 pregnant women and collected nearly 20 years of data from mother-child participants. This talk will present ongoing research in resilience and flourishing in caregivers and youth and discuss the importance of synthesizing research to meet community needs.

**Wednesday, November 6<sup>th</sup>: 12:00 – 1:00 pm**

**Dr. Suzanne Tough**, PhD,  
Professor, CSM,  
UCalgary
