

Section of Newborn Critical Care, Department of Pediatrics

Neonatal Grand Rounds

Marina Journault, MD, FRCPC
Neonatologist, AHS
Clinical Lecturer
Department of Pediatrics, Cumming School of Medicine

Neonatal Lifelines

Learning Objectives:

1. **Examine** the beneficial uses and potential complications associated with neonatal umbilical lines to understand their role in clinical practice
2. **Evaluate** the effects of catheter duration, comparing the complications associated with shorter versus longer indwelling time, to guide optimal management strategies
3. **Explore** best practices to improve the safety of umbilical lines, reducing the risk of complications and improving patient outcomes

September 17, 2024 at 4:00pm MST
