SUPPORT for PPIP

Is here to **S**implify, **U**nderstand & **P**erform **P**ractice **O**ptimization **R**equirements **T**ogether (SUPPORT) to meet the requirements for the **P**hysician **P**ractice **I**mprovement **P**rogram (PPIP)

Get Step-by-Step Guidance

- Interactive web content provides you detailed guidance
- Working webinar sessions with expert facilitators will walk you through each step of developing an action plan
- Join a community of healthcare providers that is dedicated to supporting each other

Generate Your Data with Built-in Tools and Reports

- Generate your practice data from patient charts using online questionnaires based on CPSA's Standards of Practice that provide data reports; viewable right inside the online learning platform
- User-friendly design that makes data gathering easy for providers with little to no experience in QI

Earn Credit Hours & Meet Requirements for PPIP

- Earn upto 15 CME credit hours with the CFPC (Self-Learning) or RCPSC (MOC Section 3)
- Be equipped to respond with confidence to potential PPIP activity audits by the CPSA
- Complete all 3 PPIP activities in 1 program

In order to support physicians in meeting the requirements of PPIP, the Office of CME & PD of the Cumming School of Medicine developed 'SUPPORT for PPIP'. This tool was specifically designed to guide physicians through the process of completing the PPIP requirements. The first series of webinars for all three modules of PPIP received excellent feedback.

New Episode The Thrive Home

In this new episode of The Thrive Home podcast, hosted by faculty and residents at the Alberta Children's Hospital, we unmask imposter syndrome—a hidden struggle affecting up to 60% of medical students, residents, and physicians. Dr. Leanna McKenzie, a pediatric gastroenterologist and Deputy Head of Education, shares her personal experiences with imposter syndrome and breaks down the five distinct types: the Perfectionist, the Natural Genius, the Soloist, the Expert, and the Superwoman/Superman.

Professionals Engaging with Purpose Program (PEPP)

The Department of Pediatrics (DoP) has soft-launched a novel faculty development program in phases that is individual-centric, targeting professional development needs across a spectrum of career paths and settings, and over the entire professional trajectory in order to maximize the vitality of the DoP faculty.

In the Professionals Engaging with Purpose Program, careers are cultivated through reflective planning, development resource identification and access, and a network of career development support that is embedded in our Departmental culture.

Annual Celebration

Save the Date! Annual Celebration 2025

We are pleased to announce that this year's Annual Celebration will be held in June. Please mark your calendars and prepare for an exceptional event. Further details and

registration will be coming soon.

- Tuesday, June 10, 2025 | 6:00 – 11:59 PM
- Calgary Golf and Country Club, 919 50 Ave SW, Calgary, AB T2S 1H1

Please note that this event is for Department Members (Physicians and PhD Researchers) and Trainees, along with their plus-ones. We look forward to celebrating with you!

2024 Annual Report Quiz

We hope you have reviewed this year's Department of Pediatrics' Annual Report, as we have prepared a simple quiz based on its contents!

The section/group with the highest participation will win a prize, which will be unveiled at the Annual Celebration in June.

Be sure to complete the quiz and share it with your colleagues.

ANNOUNCEMENTS

Measles Awareness

There are now multiple jurisdictions in North America including Ontario and Northern Alberta that have reported either measles cases or a concern that measles is circulating. The growing number of communities affected increases the risk that we may see measles cases in the Calgary Zone and so the site has elected to take some preventative steps. Please ensure that you and your team members are N95 mask-fit tested, confirm your measles immunization status, and are familiar with the signs and symptoms of measles.

Please view the IP&C recommendations via the button for cases of suspected measles for you to share with your colleagues.

Children's Cottage Society Supply Drive

The Department of Pediatrics Wellness Council recently collected new and used items for the Children's Cottage Society.

Great job and thank you to everyone who donated! Your generous contributions will bring smiles to many faces.

ECHOing Care

Children with Medical Complexity

Call for Cases

Are you a healthcare professional with an interesting, complex, or unique medical case related to Children with Medical Complexity?

We want to hear from you!

ECHO is looking for cases related to any pediatric complex health need.

Upcoming Sessions Include Topics Related To:

Unexplained Pain, Dystonia Management,
Complex Resources, and Bone Health

Don't miss the chance to make an impact with ECHO!

Project ECHO aims to foster a virtual case-based learning environment and community of practice for pediatric complex care and can support you in your work through case-based learning and topic discussions. Bring your de-identified cases for advice and support.

Join our interprofessional virtual community of practice.

Call for Cases!

The Alberta Children's Hospital Complex Care Program is inviting all healthcare providers to submit cases related to any pediatric complex health need for their ECHO (Extensions for Community Health Outcomes) Project focused on children with medical complexity. By submitting your case, you can share your knowledge and help advance medical education through a case presentation, as well as join a community of professionals committed to improving patient care. Submit your cases using the button below.

Barb Ibbotson Chair in Pediatric Hematology Research Funding Competition

Purpose of the Award:

On behalf of the Barb Ibbotson Chair in Pediatric Hematology, we are offering a Funding opportunity for research relevant to Pediatric Hematology/Oncology/Transplant/Immunology.

Research projects should ideally be hypothesis generating, however other types of studies will be considered, such as quality improvement and quality assurance projects or translational research on an interesting case or case series. Case reports and literature reviews are not eligible. Projects may be clinical, translational, or basic science in nature. If the research project is part of a larger project, the applicant should have a defined role in a subproject within the larger initiative.

Eligibility:

- Residents, clinical assistants, research assistants and allied health practitioners are eligible
- The applicant must be working with a Principal Investigator affiliated with the Pediatric HOTI program
- Research must be relevant to Pediatric Hematology/Oncology/Transplant/Immunology
- Priority will be given to Pediatric Hematology/Oncology training program residents

- Residents may only be awarded the grant once during their training program.

Maximum funding available, per year, across the program is \$5000. A single award or multiple smaller awards, totaling the maximum of \$5000, will be determined at the discretion of the Selection Committee in line with the nature of the application pool for each competition.

Funding must be used within 1 year with potential to extend use of funding to 2 years.

Applications will be evaluated using the criteria of relevance, feasibility, sound scientific principles, and appropriate timeline. Please note this is not a travel grant.

Application Deadline: March 21, 2025 Please contact Dr. Nicola Wright at Nicola.wright@ahs.ca with questions.

Application Checklist

Are you concerned about the impact of medical trauma on your patients and their families?

Medical trauma (MT) is a critical issue affecting patients and families at Alberta Children's Hospital. These physical and psychological reactions to pain, illness, injury and frightening or invasive treatments are distressing at the time and can lead to post-traumatic stress symptoms and post-traumatic stress disorder in the future.

Join us for a co-design workshop to work alongside patients, families, healthcare providers and health leaders to brainstorm, design and develop an intervention to mitigate and minimize MT in children with complex and chronic diseases and their families during hospital admissions.

The co-design workshop is scheduled for May 1-2, 2025. Compensation and reimbursement of expenses are available. If you are interested or want to learn more, please contact Tammie Dewan tammie.dewan@ahs.ca or Andrea Whiteley amwhitel@ucalgary.ca.

Seeking Examiners

The Pediatrics Postgraduate Program is seeking OSCE and STACER examiners for the following sessions:

OSCE:

- Thursday, April 3 | 12:45 – 4:30 PM OSCE at MedSkills (FMC-Health Sciences Centre)
- Thursday, May 8 | 12:45 – 4:30 PM OSCE at MedSkills (FMC-Health Sciences Centre)
- Thursday, May 22 | 12:45 – 4:30 PM VOSCE for PGY4s (Zoom)

STACER:

- *NEW* Tuesday, April 1 | 12:30 – 4:00 PM STACER (location: TBD)
- Thursday, May 29 | 12:45pm – 4:30pm STACER at MedSkills (FMC-Health Sciences Centre)
- Thursday, June 12 | 12:45pm – 4:30pm STACER at MedSkills (FMC-Health Sciences Centre)
- Thursday, June 19 | 12:45pm – 4:30pm STACER at MedSkills (FMC-Health Sciences Centre)

No preparation is required- just show up, follow the script, and enjoy an afternoon with learners and colleagues! OSCE/STACER Examiner Remuneration is available to non AMHSP staff at a rate of \$150/hour.

Please contact Pediatric.ResidencyProgram@ahs.ca if you are able to assist on any of

the above dates, thank you!

Have news or content that you would like to be featured?

Please send us an email at pediatrics.comms@ucalgary.ca by Tuesday at 11:00 AM for it to be included in that week's issue or the appropriate week's feature. Learn more about each week's themes [here](#).

EVENTS

For all events, please visit the Department of Pediatrics [calendar](#)
All events are in MST (Mountain Standard Time), unless otherwise stated

Charity Hockey Game to Fight Cancer

SITC is a charity hockey game of medical students and residents versus physicians in partnership with the Canadian Cancer Society (CCS).

Our team would like to invite you, your residents, and your family and friends to join us on **March 22, 2025** in the fight against cancer while supporting your colleagues on the ice!

This year, all proceeds support the Neri/Bahlis lab at UCalgary, to support their effort in developing novel therapeutics for multiple myeloma patients. All donations to this event will be matched dollar-for-dollar by the Canadian Cancer Society up to \$100,000, and every dollar raised from this event goes directly to myeloma research, thanks to our amazing sponsors!

To buy a ticket to the game, to read more about our cause, or to donate to our general CCS page and receive a tax receipt please click the button below.
