Maternal & Child Data Available for Access

The [All Our Families \(AOF\) Study](#) at the University of Calgary has data available for access! The AOF study is a Calgary based, longitudinal cohort study launched in 2008 with over 3000 pregnant women recruited, and we have been regularly following these participants and their children through time.

The study data collected contains a wealth of information, including pregnancy, breastfeeding, health service utilization, maternal and child mental health, physical activity, school life, employment, community connections, family relationships, participant experiences through the COVID-19 pandemic, and so much more. Find out more on about the study and how to access the data.

**Nominate a Senior General Pediatrics Resident
for the Dr. George Prieur Scholarship**

The Prieur Family established this award in 1992. Dr. George Prieur was a Pediatrician who practiced in Calgary prior to the Second World War. It is believed that he was the second pediatrician to establish a practice in the city. When Dr. Prieur was nearing the end of his life in 1992, his family donated funds to support a scholarship in his memory.

Nomination deadline: Friday, June 14, 2024
