**Canadian Pediatric
Dermatology Primer**

Calling all pediatricians who want to refresh their pediatric dermatology knowledge! The province of Saskatchewan is underserved by dermatology and pediatric dermatology. In response to this unmet need, our group of Canadian expert dermatologists and pediatric dermatologists have put together a robust program that covers basic primary care for pediatric skin disease that will be delivered in nearby Saskatoon on September 13, 2025. Early bird rates available until August 11, for the intentionally low rate of \$150 to reduce barriers to access. There will be a draw for 20 free resident registrations on site.
