Which online platforms suit my specific need?

The table below will assist you in making the right choice:

	Classroom Instruction	Internal Meetings	External Meetings	Meetings with session recording
Teaching and Learning	Zoom	MS Teams or Zoom	MS Teams or Zoom	Zoom or Teams with the exception of meetings recorded with level 4 data where Teams is required.
Research	Not applicable	MS Teams or Zoom	MS Teams or Zoom	Zoom or Teams with the exception of meetings recorded with level 4 data where Teams is required.
Administration	Not applicable	MS Teams or Zoom	MS Teams or Zoom	Zoom or Teams with the exception of meetings recorded with level 4 data where Teams is required.

- [Microsoft teams](#) (required for [level 4 data](#))
 - Teams is the more secure platform and is recommended for sensitive information recording and is required for Level 4 recordings.
