Dear Dr. Zhang:

We are pleased to inform you that your Expression of Interest entitled: "Development of A New Multiplex PCR (M-PCR) Assay for Rapid Detection of Methicillin-Resistant Staphylococcus aureus (MRSA) Directly from Clinical Samples" submitted to the Operating Grant : Antimicrobial Resistance: Point of Care Diagnostics in Human Health Funding Opportunity has been found relevant and you are hereby invited to submit a full application on November 8, 2016. You are also awarded a travel and development grant to allow up to two team members to participate in the Industry Partnership Workshop and support the development of Phase 1 full application. The Authorization for Funding will follow in the mail. Please note that the detailed instructions for the full application will be updated soon.

As CIHR does not notify co-applicants of the decision taken, we ask that you inform those individuals involved along with their research institutions (if different from your own) of the outcome of this application.

Please do not hesitate to communicate with the Contact center by email at support@cihr-irsc.gc.ca should you have any further questions.

Congratulations on your success in this competition.

Sincerely,

Linda McKenzie
