## National day for Truth and Reconciliation – September 30, 2021

The Indigenous Wellness Core is honored to acknowledge the importance of National Day of Truth and Reconciliation on September 30, 2021 with you all. Together, we will be hosting a number of virtual sessions throughout the day, beginning at 9:00am. In addition to the virtual sessions, we have created a tool kit of resources for your teams to continue these important discussions and learning journey. All sessions are free to join and can be found here: [2021 National Day for Truth and Reconciliation | Together 4 Health \(albertahealthservices.ca\)](#).

## Clara Christie Research Day – October 15, 2021

Moved to a virtual meeting (Zoom) due to the 4th wave of COVID-19. Event will be half day 0800-1200.

- Invited speaker, Dr. Sean Dowdy.
- Invited speaker, Dr. John Jarrell.

## Course 6: (From Jadine Paw)

Course 6 starts on September 13 and runs through to November 18, 2021. Every single course has a 'Clinical Correlation' (clinical core) component where students have the chance to apply what they

learn in their didactic lectures and see it in action. As in the past, the OBGYN Clinical Core is 4 hours on L&D at one of the 4 teaching hospitals in Calgary.

We have ensured that the Course 6 Clinical Core observer is never scheduled when there is already a clinical clerk scheduled to reduce the number of learners on the unit during the pandemic. I would like you to ask the learner to respect the 4 hour limit, as there may be another learner waiting after.

Evaluations should be done by whoever the student has worked with the most (OB on call, resident, or FM-OB). The student should confirm with the evaluator before they leave the unit, and the evaluator will receive an email from one45 to complete the 1-question evaluation form.

Many thanks,

-Jadine.

## **Department Positions**

Maternal-fetal Medicine 0.5 FTE (Replaces Dr. Jennifer Walsh)
